Background

A financial management report is provided to Councillors on a monthly basis which includes the following summaries:

- Statement of Comprehensive Income (**attached** at Appendix 1)
- Banksia Road Operations (**attached** at Appendix 2)
- Statement of Financial Activity (**attached** at Appendix 3)
- Capital Works Expenditure Summary (**attached** at Appendix 4)
- Statement of Financial Position (**attached** at Appendix 5)
- Statement of Net Current Assets (**attached** at Appendix 6)
- Fees and Charges Summary (**attached** at Appendix 7)
- Debtors Report (**attached** at Appendix 8)

Legislative Compliance

In accordance with the provisions of Section 6.4 of the Local Government Act 1995 and Regulation 34(1) of the Local Government (Financial Management) Regulations 1996, a Local Government is to prepare each month a Statement of Financial Activity (Attached at Appendix 3) reporting on the revenue and expenditure as set out in the annual budget under Regulations 22 (1) (d) for this month.

At the Council Meeting on 16 July 2015, Council adopted that a variance between actual and budget-to-date of greater than or equal to 10% and \$15,000 is considered to be a material variance for reporting purposes in the Statement of Financial Activity for 2015/16.

Officer Comment

Banksia Road operations have a deficit of \$24,658 compared to a deficit year-to-date budget of \$19,762. The forecast to 30 June 2016 is an operating deficit of \$33,251. Organic waste from the Shire of Collie is expected to increase in the next financial year. Materials and Contracts costs include compost amendments (additions to standard compost) which will be recouped through sales in the next financial year.

Statement of Comprehensive Income	YTD Actual to YTD Budget Variance
Operating Income	
Fees and Charges	
Casual Tipping Fees Casual tipping revenue is less than budget. The expected increase in tipping revenue following the recent fires in the Shire of Harvey has not yet been realised and Perth Waste have diverted waste to their own new landfill in Bannister. The year-end forecast has been revised accordingly. New waste streams are being sought to increase Casual Tipping revenue. The BHRC has been awarded a tender for the Yarloop Waste. The revenue from this waste is expected to have minimal impact in the current financial year.	\$ (300,429) (25)%
Operating Expenditure	
Employee Costs	
Gatehouse, and Organics employee costs are over budget which are offset by savings in Waste Transfer Station employee costs . This reflects deployment of staff in different operational areas as required and savings in COB Support Staff costs. The overall employee costs are 1% under budget. Staff allocations will be reviewed in the 2017 annual budget.	Gatehouse \$(30,137) (27)% Waste Transfer Station \$43,525 14% Organics \$(17,895) (10)%
Materials and Contracts	
Waste Transfer Station and Earthworks Operations Savings in plant maintenance have been realised. Extended warranties have been negotiated after major services on major plant items (CAT Loader and Bomag).	\$18,954 19%
Earthworks Operations Please refer to the comments above on Waste Transfer Station materials and contracts.	\$28,923 13%
Land Site Investigation Savings have been realised as this expenditure has been deferred into the next financial year.	\$20,000 100%

Revenues by Nature and Type	
Fees and Charges Please refer above to the comments on Fees and Charges for the Statement of Comprehensive Income.	\$(279,693) (10)%
Expenditure by Nature and Type	
Employee Costs Please refer above to the comments on Employee Costs for the Statement of Comprehensive Income.	\$9,015 1%
Materials and Contracts This favourable variance is largely made up of savings in earthworks and waste transfer station plant maintenance costs and Land Site investigation costs as detailed above in the comments on the Statement of Comprehensive Income.	\$82,570 9%

Safety and Health Act 1984 and will also comply with any other relevant legislation, applicable Codes of Practice and Australian Standards as far as is reasonably practicable.

This Safety Management System Plan and BHRC's OSH Policies and Procedures set out the safety arrangements and principles which are to be observed by BHRC and its workers, contractors and visitors to ensure compliance with the *Occupational Safety & Health Act 1984* and to provide appropriate mechanisms for continuing consultation and management of OSH matters.

Background

The BHRC has not previously adopted a Safety Management System Policy and has previously unofficially utilised the City of Bunbury Safety Management System Policy for the BHRC employees.
