### Legislative Compliance

In accordance with the provisions of Section 6.4 of the Local Government Act 1995 and Regulation 34(1) of the Local Government (Financial Management) Regulations 1996, a Local Government is to prepare each month a Statement of Financial Activity (Attached at Appendix 3) reporting on the revenue and expenditure as set out in the annual budget under Regulations 22 (1) (d) for this month.

At the Council Meeting on 27 July 2017, Council adopted that a variance between actual and budget-to-date of greater than or equal to 10% and \$15,000 is considered to be a material variance for reporting purposes in the Statement of Financial Activity for 2017/18.

The following is an explanation of significant variances identified in the Statement of Comprehensive Income and the Statement of Financial Activity:

Statement of Comprehensive Income	YTD Actual to YTD Budget Variance
<b>Operating Income</b>	
<b>Fees and Charges</b>	
<b>Casual Tipping Fees</b> Unfavourable year-to-date budget variance mainly due to seasonal effect of winter weather. However casual tipping fees are \$38k higher than the previous July, mainly due to higher tonnages being received from outside the Bunbury-Harvey Region.	(\$10,676) (8%)
<b>Operating Expenditure</b>

Under the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*, all local governments in Western Australia must produce an Annual Financial Statement that complies with the Australian Accounting Standards.
