Note 21	Significant Accounting Policies - Change in Accounting Policies	30

Executive Introduction

The 2019/20 draft budget has been prepared with regard to the following assumptions and estimates:

1. Inflation 2.0% based on WA State Government budget forecasts for 2019/20.
2. Increases in wages of 2.25% as per the Workforce Plan. It is proposed to reduce FTE's by 1.0 for Site Rehabilitation. This would decrease total FTE's to 18.84 in the 2019/20 budget.
3. Interest earnings are based on an average 2.5% on investments.
4. Councillor meeting attendance fees are as per the Salaries and Allowances Tribunal. The minimum fee is \$91 per Ordinary Meeting. It is proposed to continue to pay the minimum fee of \$91 to Councillors, and \$182 to the Chairman per meeting.
5. Fees and Charges of \$3.9M include zero increase in the co-mingled waste tonnage rate, and a 2.9% increase in the organic waste tonnage rate, as adopted at the May 30, 2019 Ordinary meeting of Council. This budget is based on the following estimated tonnages through the gate:

	<u>Landfill</u>	<u>Organics</u>
2018/19:	90,453 tonnes.(50,107 tonnes recycled)	11,831 tonnes
2019/20:	98,146 tonnes.(54,062 tonnes recycled)	16,783 tonnes

This represents a 1.15% increase in revenue over the 2018/19 year.

6. The Shire of Harvey will be implementing a third organics bin in July/ August 2019. The budget includes a reduction in Shire of Harvey Tipping fees and a corresponding increase Organics Revenue.
7. An operating deficit of \$93K which includes expenditure of \$1.057M for Stanley Road rehabilitation.
8. The following capital expenditure totalling \$5.514M will be funded by Reserves (\$1.782M), Asset Sales (\$55K), Grants funding from Climate Change Fund (\$2M) and Waste Authority (\$1.4M) for the Organic Processing Facility at Stanley Road, and Municipal Funds (\$277K). Note: Details of individual assets can be found at Note 15 on Page 23 of the Budget.

Asset Type	Stanley Road		
	Purchases	Sales	Net Cost
Stanley Road Waste Management Facility			
Land & Buildings – New Administration Building	\$ 277K		\$ 277K
Land & Buildings – Environmental Land Offset	\$ 550K		\$ 550K
Plant & Equipment	\$ 142K	\$ 55K	\$ 87K
Infrastructure	\$ 45K		\$ 45K
	\$1.014M	\$ 55K	\$ 959K
Organics Processing Facility			
Buildings – New Compost Building	\$ 2.74 M		\$ 2.74 M

This statement is to be read in conjunction with the accompanying notes.

FOR THE YEAR ENDED 30th JUNE 2020

BASIS OF PREPARATION

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. The Local Government (Financial Management) Regulations 1996 take precedence over Australian Accounting Standards. Accounting policies which have been adopted in the preparation of this budget are presented below and have been consistently applied unless stated otherwise. Except for cash flow and fee setting information, the budget has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this budget.

2018/19 FORECAST BALANCES

Balances shown in this budget as 2018/19 Forecast are as forecast at the time of budget preparation and are subject to final adjustments.

CHANGE IN ACCOUNTING POLICIES

On the 1 July, 2019 the following new accounting policies are to be adopted and have impacted on the preparation of the budget:

AASB 15 - Revenue from Contracts with Customers

AASB 16 - Leases

AASB 1058 - Income of Not-for-Profit Entities

KEY TERMS AND DEFINITIONS - NATURE OR TYPE

REVENUES

PROFIT ON ASSET DISPOSAL

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

NON-OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

REVENUES (Continued)

FEES AND CHARGES

Revenue (other than service charges) from the use of facilities and charges made for local government services, sale of goods or information, and rubbish collection fees.

INTEREST EARNINGS

Interest And Other Items Of Similar Nature Received From Bank and Investment Accounts, and Interest On Outstanding Debtors.

OTHER REVENUE INCOME

Other revenue, which cannot be classified under the above headings, includes discounts, rebates and landfill levy recouped from customers.

EXPENSES

EMPLOYEE COSTS

All costs associated with the employment of a person such as salaries, wages, allowances, benefits such as vehicles and housing, superannuation, employment expenses, removal expenses, relocation expenses, workers compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefits tax, etc.

MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

UTILITIES (GAS, ELECTRICITY, WATER ETC.)

Expenditures made to the respective agencies for the provision of power, gas or water.

INSURANCE

All insurance other than workers compensation and health benefit insurance included as a cost of employment.

LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets, including loss on disposal of long term investments.

DEPRECIATION ON NON-CURRENT ASSETS

Depreciation expense raised on all classes of assets as applicable.

OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or State taxes (landfill levy). Donations or subsidies made to community groups.

FOR THE YEAR ENDED 30th JUNE 2020

KEY TERMS AND DEFINITIONS - REPORTING PROGRAMS

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Council's Community Vision, and for each of its broad activities/programs.

PROGRAM NAME	OBJECTIVE	ACTIVITIES
GOVERNANCE	To provide a decision making process for the efficient allocation of scarce resources.	Includes the activities of members of the council and the administrative support available to the council for the provision of governance of the regional council. Other costs relate to the task of assisting elected members.
GENERAL PURPOSE FUNDING	To collect revenue to allow for the provision of services.	Fees, government grants and interest revenue.
COMMUNITY AMENITIES	To provide services required by the member councils. To reduce the environmental impact of waste and maximise conservation of natural resources through reduced overall material use and increased materials and energy recovery.	Operation of landfill and recycling facilities.

SIGNIFICANT ACCOUNTING POLICIES

DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Major depreciation periods used for each class of depreciable asset are:

Buildings	5 to 20 years
Furniture and Equipment	4 to 6 years
Plant and Equipment	5 to 20 years
Infrastructure – Roads	50 years
Infrastructure – Perimeter Fencing	15 years
Stanley Road Waste Transfer Station	20 years
Banksia Road Concrete Bunker/Apron	20 years

DEPRECIATION (Continued)

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in statement of comprehensive income in the period which they arise.

RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

---------------------------------	------	-------	-------	-------	-------

Add: Change in accounting policies		-	-	-	-
------------------------------------	--	---	---	---	---

Add: Depreciation on assets	1	602,436	553,561	553,561	553,561
-----------------------------	---	---------	---------	---------	---------

Non cash amounts excluded from operating activities		608,793	548,724	551,076	548,724
--	--	---------	---------	---------	---------

(iii) Reason for adjustment to Adjusted net current assets - surplus/(deficit) on 1 July 2019

The Council has elected to retrospectively apply the cumulative effect of applying AASB 1058 Income for Not-for-Profit Entities at the date of the initial application of the standard, being 1 July 2019. The impact of recognising the standard is nil. Refer to Note 21 for further explanation of the impact of changes in accounting policies.

NOTES TO AND FORMING PART OF THE BUDGET

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where the Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods and services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

PROVISIONS

Provisions are recognised when the Council has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

INVENTORIES

General

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from Fees and charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Council are recognised as a liability until such time as the Council satisfies its obligations under the agreement.

EMPLOYEE BENEFITS

Short-Term Employee Benefits

Provision is made for the Council's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled. The Council's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Council's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

SUPERANNUATION

The Regional Council contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Council contributes are defined contribution plans.

SIGNIFICANT ACCOUNTING POLICIES

LEASES

At inception of a contract, an entity shall assess whether the contract is, or contains, a lease. A contract is, or contains a lease if the contract conveys the right to control the use of and identified asset for a period of time in exchange for consideration.

At the commencement date, a lessee shall recognise a right-of-use asset and a lease liability.

At the commencement date, a lessee shall measure the right-of-use asset at cost.

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

NOTES TO AND FORMING PART OF THE BUDGET

20 SIGNIFICANT ACCOUNTING POLICIES - OTHER INFORMATION

GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a Gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a budget in conformity with Australian Accounting Standards required management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this budget are rounded to the nearest dollar.

REVENUE RECOGNITION

Accounting policies for the recognition of income and revenue from contracts with customers is required to be described where applicable.

COMPARATIVE FIGURES

Where required, comparative figures have been adjusted to conform to changes in presentation for the current budget

BUDGET COMPARATIVE FIGURES

Unless otherwise stated, the budget comparative figures shown in this budget document relate to the original budget estimate for the relevant item of disclosure.

NOTES TO AND FORMING PART OF THE BUDGET

21 SIGNIFICANT ACCOUNTING POLICIES - CHANGE IN ACCOUNTING POLICIES

This note explains the impact of the adoption of AASB 15 *Revenue from Contracts with Customers* . AASB 16 *Leases* and AASB 1058 *Income for Not-for-Profit Entities* .

REVENUE FROM CONTRACTS WITH CUSTOMERS

The Bunbury-Harvey Regional Council adopted AASB 15 on 1 July 2019 resulting in in changes to accounting policies. In accordance with the transition provisions AASB 15, the Council has adopted the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. Note: the effect of adopting AASB 15 is nil.

LEASES

On adoption of AASB 16, for leases which had previously been classified as an 'operating lease' when applying AASB 17, the Council is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management regulation 17A (5).

INCOME FOR NOT-FOR PROFIT ENTITIES

The Council has adopted AASB 1058 from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions in AASB 1058, the Council has adopted the new rules retrospectively with the cumulative effect of initially applying the AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated, in accordance with AASB transition requirements.

In applying AASB 1058 retrospectively with the cumulative effect of initially applying the standard on 1 July 2019, no changes occurred

Assets that were acquired for consideration that was significantly less than fair value principally to enable the Council to further its objectives may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.
