

Ordinary Council Meeting

Notice of Meeting & Agenda

1 June 2023

Meeting to be held at: The Administration Complex, Stanley Road Waste Management Facility, Lot 45, Stanley Road, Wellesley on Thursday 1 June 2023, commencing at 4.30pm

Open Council Meetings – Procedures

1. All Council meetings are open to the public, except for matters raised by Council under “confidential items”.
2. Members of the public may ask a question at an ordinary Council meeting under “public question time”.
3. Members of the public who are unfamiliar with meeting procedures are invited to seek advice at the meeting. If unsure about proceedings, just raise your hand when the presiding member announces public question time.
4. All other arrangements are in accordance with the Council’s standing orders, policies and decisions of the Council.

Undersigned

VISION

To develop, implement and maintain innovative and sustainable waste reduction, recycling and landfilling services while managing waste facilities with best practice standards for the councils of the Wellington Region and beyond.

To provide sustainable waste minimisation, recycling and alternative waste treatment services to an informed community while reducing the environmental impact of waste and maximising the conservation of natural resources through reduced material use and increased resource recovery

MISSION

To ensure the delivery of an integrated, cost-effective and environmentally sound waste management system and to promote sustainable community programs and policies ensuring that the health, diversity and productivity of the environment is maintained or enhanced for the benefit of future generations.

Reduce the environmental impact of waste and maximise conservation of natural resources through reduced overall material use and increased materials and energy recovery.

VALUES

Excellence:

To provide best practice facilities and waste services to our community through the development of quality controls and continuous improvements.

Leadership:

Having a clear vision and direction, that engages with key stakeholders and our community.

Integrity:

Acting with a level of trust, respect, honesty, hard work, communication and shared responsibility that is exhibited by its people.

Accountability:

To ensure the collection and management of solid waste and recovered materials in an environmentally sound manner and in accordance with regulatory requirements and the Department of Water and Environmental Regulation licence conditions.

Innovation:

Embrace new and better ways to achieve improved results through creativity, inventiveness and teamwork.

Respect

We value diversity and respect and are committed to work towards integrating the principles of Equal Employment Opportunity and ensure that the work environment is free from harassment and discrimination. We value and respect all members of our community.

Bunbury-Harvey Regional Council

Notice of Meeting

The next Ordinary Meeting will be held at the Administration Complex, Stanley Road Waste Management Facility, Lot 45 Stanley Road, Wellesley on Thursday 1 June 2023 at 4.30pm.

Signed:

Peter Keane

Chief Executive Officer

(Date of Issue: 26 May 2023)

AGENDA

Note: The recommendations contained in this document are not final and are subject to adoption, amendment (or otherwise) at the meeting.

Background

A financial management report is provided to Councillors on a monthly basis which includes the following summaries:

- Statement of Comprehensive Income (attached at **Appendix 1**)
- Banksia Road Operations (attached at **Appendix 2**)
- Statement of Financial Activity (attached at **Appendix 3**)
- Statement of Financial Position (attached at **Appendix 4**)
- Statement of Net Current Assets (attached at **Appendix 5**)

Legislative Compliance

In accordance with the provisions of Section 6.4 of the Local Government Act 1995 and Regulations 34(1) of the Local Government (Financial Management) Regulations 1996, a Local Government is to prepare each month a Statement of Financial Activity (Attached at Appendix 3) reporting on the revenue and expenditure as set out in the annual budget under Regulations 22 (1) (d) for this month.

At the Council Meeting on 31 August 2022, Council adopted that a variance between actual and budget-to-date of greater than or equal to 10% and \$15,000 is considered to be a material variance for reporting purposes in the Statement of Financial Activity for 2022/23.

Consultation

Nil

Financial Implications

As per the 2022/23 Financial Budget.

Statutory Environment

Sections 12 and 13 of the Local Government (Financial Management) Regulations 1996 Apply.

Strategic Implications

Nil

Policy Implications

Nil

Officer Comment

The following is an explanation of significant variances identified in the Statement of Financial Activity:

Investing Activities

Non-Operating Grants and Contributions – Favourable year-to-date variance of \$1,453,240 mainly due to receiving the first milestone for the Organics Facility grant of \$1.5M which the BHRC was recently awarded. The majority of this grant will be carried forward to the 2023/24 financial year.	\$1,453,240 2,906%

Officer Comment

The following is an explanation of significant variances identified in the Statement of Financial Activity:

Operating Revenue

Fees and Charges – Unfavourable year-to-date variance for Fees and Charges mainly due to Casual Tipping Fees of \$\$84K and Compost Revenue of \$49K, these items are offset by higher than anticipated Shire of Harvey Tip passes of \$46K.	(\$103,007) (4%)
Interest Revenue – Favourable year-to-date variance of \$16,076 due to higher than anticipated interest rates. End of year forecasts have been entered.	\$16,076 31%

Investing Activities

Property, Plant and Equipment Acquisition – Favourable year-to-date variance of \$15K due to delays in installing new CCTV equipment.	\$15,000 100%

Summary

Section 6.1 of the Local Government Act 1995 requires a local government to prepare and adopt (in the period June 1 to August 31) an annual budget of its Municipal fund for that same year.

The Schedule of proposed Fees and Charges for the 2023/2024 Financial Year forms part of the 2023/2024 Budget.

Officer Recommendation

That Council:

Adopts the Schedule of proposed Fees and Charges (which forms part of the 2023/2024 Budget) effective as of 1 July 2023.

MOVED BY: _____

SECONDED BY: _____

RESULT: CARRIED / LOST _____

RESOLUTION: _____

Background

At the Ordinary Council meeting held on 2nd June 2022, fees and charges were adopted increasing gate fees to recover the true cost of the waste management service at both the Stanley Road Waste Management Facility (SRWMF) and Banksia Road Organics Processing Facility (BROPF) to ensure the long-term financial viability of BHRC.

Seven Local Government Authorities (LGA) within the Southwest Region utilise the FOGO processing facility at Banksia Road. These LGA's are the City of Bunbury, Shire of Harvey, Shire of Dardanup, Shire of Collie, Shire of Donnybrook- Balingup, Shire of Augusta-Margret River, and the Shire of Capel whose 4-year contract finishes on the 30 June 2023.

Officer Comment

To continue to ensure BHRC gate fees and charges align to the true cost of operations, it is necessary to make amendments to the current fees and charges applied to the waste streams being received at both the SRWMF and ancillary activities associated with the Stanley Road Facility, and Banksia Road Organics Processing Facility.

The Amended Schedule of Fees and Charges 2023/2024 will be effective as of the 1st of July 2023.

Stanley Road Waste Management Facility

Light Vehicle General Waste charges for both Member and Non-Member Councils have been increased 7% from the fee structure introduced 1st July 2022. The 7% increase is in line with annual CPI for the 2022/23 financial year, and represents the rising costs associated with business-as-usual operations.

Mattress disposal charges have been increased 7% from the fee structure introduced 1st July 2022. This absorbs a 10% increase in the collection price of mattresses from soft landings.

Light Vehicle Green Waste have been increased 7% from the fee structure introduced 1st July 2022. The 7% increase is in line with annual CPI for the 2022/23 financial year, and represents the rising costs associated with business-as-usual operations.

Light Vehicle Clean Fill and Rubble Waste fees and charges cost centres have been amended to enable more accurate processing and pricing. The cost centres related to clean fill and rubble are now:

- Clean Fill
- Mixed Load Clean Fill/*Rubble*
- Rubble

These adjusted cost centres will allow fees and charges to accurately represent the individual costs of disposal for these waste streams. Clean fill has had 7% CPI applied, the Fees and Charges applied to the other cost centres of Mixed Load/Clean Fill and Rubble have been calculated based on the cost of receipt and processing.

Heavy Vehicle Clean Fill/ Rubble fees and charges have had CPI applied to the Clean Fill and a 50% increase applied to the building and demolition waste this has been increased to cover the cost of receipt and processing.

A new charge for Undeclared Contaminated Clean Fill/ Rubble has been created. This charge is due to many received clean fill/rubble loads being contaminated with asbestos. This is often cleverly hidden by customers and removed and disposed of at great expense to BHRC. The charge has been calculated based on the cost per ton to BHRC to have these loads removed and disposed of.

The transport cost per hour, has increased 20% to cover increasing costs and align with market pricing.

Banksia Road Organics Processing Facility

The gate fee for the acceptance of Food Organics and Garden Organics (FOGO) has been increased 7% in-line with the annual CPI to help cushion the rising cost of production.

Clean Green waste charges has been removed. This charge was created to reflect the cost of handling and transporting green waste for the Dardanup transfer station facility. As this service originates from the SRWMF the charge applied to this service in future will be the Transport cost per hour rate, captured in the SRWMF fees and charges.

Contamination charges for contaminated FoGo loads have doubled from \$120/Tn to \$240/Tn. This new rate will cover and represent the cost of assessing, processing, carting, and invoicing relevant local governments for the disposal of contaminated loads. Currently contaminated FoGo load cost \$64/Tn to dispose of to a landfill facility, 45 minutes (round trip including loading) to cart to a landfill facility, and approximately 45 minutes of administration time to visually assess the load, take pictures, communicate with the relevant Local Governments, and invoice/ process payments. It is anticipated that a requirement for physical load assessments ie manually weighing the contamination will increase in the near future. The contaminated load charge will cover this requirement.

Compost charges per tonne remain the same as the previous year, this is due to the uncertainty around the saleable price point of FoGo compost, and an influx of saleable FoGo compost from the processing of the historical compost material at BROPF.

Consultation

The Schedule of Fees and Charges for 2023/2024 are to be advertised in the South Western Times and the Harvey Reporter in early June 2023 and Schedule of Fees and Charges for 2023/2024 to be distributed out to Stanley Road Waste Management Facility and Banksia Road Organics Processing Facility customers from 1 June 2022.

Financial Implications

Stanley Road Waste Management Facility

The increase in fees and charges will have positive impact on the cashflow and balance sheet for BHRC.

The increase in fees and charges will be passed directly onto customers.

This will have a direct impact on Shire of Harvey due to the reimbursement of charges from the utilisation of tip passes.

Banksia Road Organics Processing Facility

The increase in gate fees will have a positive impact on the cashflow and balance sheet for BHRC and meet the cost of providing the service.

The increase in gate fees will have a direct and significant impact on all seven councils for which BHRC provide the composting service.

Statutory Environment

Section 6.1 of the Local Government Act 1995 applies.
