EXECUTIVE SUMMARY

The 2022/23 Budget has a total budgeted expenditure of \$14.6M. This comprises of \$7.6M of capital expenditure and \$7.0M of operating expenditure. This is funded from the following sources: \$7.3M Member Council contributions (\$6.0M for cell capping and \$1.3M operating contribution), \$3.0M from fees and charges, \$2.3M from other operating revenue, \$1.3M from cash reserves, \$300K capital grants and \$100K from the disposal of assets. Total sources of funds are \$14.3M which leaves in a closing deficit of \$300K.

The capital expenditure of \$7.6M includes the construction of Phase 3 to 5 capping works of \$6.7M, \$600K Banksia Rd Screen and \$300K Compost Facility Stage 1. These projects are dependent on Member Council contributions of \$6.0M, \$1.3M from reserve funds and \$300K in grants.

Total operating revenue will increase by \$367K from \$4.9M in 2021/22 to \$5.3M in 2022/23 mainly due to \$548K (66%) increase in Banksia Road organic tipping fees and \$231K (526%) in Banksia Road compost sales; but offset by decreases in casual tipping fees of \$216K and a \$97K decrease in Harvey Transfer Station fees. The increase in organic tipping fees reflect the true operational costs associated with FOGO waste processing in 2022/23 at Banksia Road.

Total operating expenditure will increase from \$6.5M in 2021/22 to \$7.5M in 2022/23, an increase of \$1.0M. This is mainly due to Other Expenditure increasing by \$1.3M (with tipping fees of \$1.1M), offset by a reduction in materials and contract expenditure (\$164K) and a slight decrease in employee costs (\$89K).

Cash Reserves will reduce from \$1.8M to \$488K as funds are used for capping construction, replacement of the Banksia screening unit and ancillary equipment at both sites.

The forecast closing position at 30 June 2023 is a deficit of \$254K, an increase of \$232K from the opening deficit position at the beginning of the year of \$22K.

Key Capital Expenditure (refer Note 14 on page 31)

Capital Project	Expenditure	Funding Source/s	Income
Capping Construction - Phase 3 - 5			
Infrastructure	6,683,334	Member Council Contributions	6,000,000
		Organics Processing Reserve	395,359
		Plant & Infrastructure Reserve	157,777
		Stanley Road Protection and Cell Reserve	120,871
		Municipal Funds	5,950
		Site Rehabilitation Reserve	3,378
TOTAL	6,683,334	TOTAL	6,683,334
Compost Screening Unit - Replacement / Upgrade			
Organics - Plant & Equipment	600,000	Organics Processing Reserve	600,000
TOTAL	600,000	TOTAL	600,000
Compost Facility - Stage 1			
Organics - Plant & Equipment	300,000	Regional Recovery Fund	300,000

BASIS OF PREPARATION

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations.

The Local Government Act 1995 and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

Accounting policies have been adopted in the preparation of this budget have been consistently applies unless stated otherwise. Except for cash flow and fee setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this budget.

2021/22 FORECAST BALANCES

Balances shown in this budget as 2021/22 Forecast are as forecast at the time of budget preparation and are subject to final adjustments.

CHANGE IN ACCOUNTING POLICIES

On 1 July 2022 no new accounting policies are to be adopted and no new policies are expected to impact the annual budget.

KEY TERMS AND DEFINITIONS - NATURE OR TYPE REVENUES

PROFIT ON ASSET DISPOSAL

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Refer to all amounts` received as grants, subsidies and contributions that are not non-operating grants.

NON-OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

FEES AND CHARGES

Revenue (other than service charges) from the use of facilities and charges made for local government services, sale of goods or information, and rubbish collection fees. Local Governments may wish to disclose more detail.

REVENUES (continued)

INTEREST EARNINGS

Interest and other items of similar nature received from bank and investment accounts, and interest on outstanding debtors.

OTHER REVENUE / INCOME

Other revenue, which cannot be classified under the above headings, includes discounts, rebates, recoveries and landfill levy recouped from customers. Reimbursements and recoveries should be separated by note to ensure the correct calculation of ratios.

EXPENSES

EMPLOYEE COSTS

All costs associated with the employment of a person such as salaries, wages, allowances, benefits such as vehicles and housing, superannuation, employment expenses, removal expenses, relocation expenses, workers compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefits tax, etc.

MATERIALS AND CONTRACTS

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

UTILITIES (GAS, ELECTRICITY, WATER ETC.)

Expenditures made to the respective agencies for the provision of power, gas or water.

INSURANCE

All insurance other than workers compensation and health benefit insurance included as a cost of employment.

LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets, includes loss on disposal of long term investments.

DEPRECIATION ON NON-CURRENT ASSETS

Depreciation and amortisation expense raised on all classes of assets as applicable.

INTEREST EXPENSES

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or State taxes (landfill levy). Donations or subsidies made to community groups.

FOR THE YEAR ENDING 30th JUNE 2023

KEY TERMS AND DEFINITIONS - REPORTING PROGRAMS

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Council's Community Vision, and for each of its broad activities/programs.

PROGRAM NAME	OBJECTIVE	ACTIVITIES
GOVERNANCE	To provide a decision making process for the efficient allocation of scarce resources.	Includes the activities of members of the council and the administrative support available to the council for the provision of governance of the regional council. Other costs relate to the task of assisting elected members.
GENERAL PURPOSE FUNDING	To collect revenue to allow for the provision of services.	Fees, government grants and interest revenue.
COMMUNITY AMENITIES	To provide services required by the member councils. To reduce the environmental impact of waste and maximise conservation of natural resources through reduced overall material use and increased materials and energy recovery.	Operation of landfill and recycling facilities.

SIGNIFICANT ACCOUNTING POLICIES

CURRENT AND NON-CURRENT CLASSIFICATION

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where the Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Council's intentions to release for sale.

TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods and services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

PROVISIONS

Provisions are recognised when the Council has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

INVENTORIES

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

SUPERANNUATION

The Regional Council contributes to a number of Superannuation Funds on behalf of employees.

All funds to which the Council contributes are defined contribution plans.

TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from Fees and charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Council applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected credit loss allowance for all trade receivables.

CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Council are recognised as a liability until such time as the Council satisfies its obligations under the agreement.

EMPLOYEE BENEFITS

Short-Term Employee Benefits

Provision is made for the Council's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Council's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Council's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Net cash from operating activities		(323,078)	(2,494,113)	(319,337)

NOTES TO AND FORMING PART OF THE BUDGET

2 NOTE TO STATEMENT OF CASH FLOWS (continued)

SIGNIFICANT ACCOUNTING POLICIES

CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

FINANCIAL ASSETS AT AMORTISED COST

The Council classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cash flows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

SIGNIFICANT ACCOUNTING POLICIES

GAINS AND LOSSES ON DISPOSAL

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

Total	595,491	837,570	600,233

SIGNIFICANT ACCOUNTING POLICIES

DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use.

Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings	5 to 20 years
Furniture and Equipment	4 to 6 years
Plant and Equipment	5 to 20 years
Infrastructure - Roads	50 years
Infrastructure - Perimeter Fencing	15 years
Stanley Road Waste Transfer Station	20 years
Stanley Road Lined Cells	20 years
Banksia Road Concrete Bunker / Apron	20 years

RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

AMORTISATION

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The asset's residual value of intangible assets is considered to be zero and useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included with depreciation on non-current assets in the Statement of Comprehensive Income.

8 INFORMATION ON BORROWINGS

New Borrowings

There are no new borrowings proposed for the 2022/23 financial year.

SIGNIFICANT ACCOUNTING POLICIES

BORROWING COSTS

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

NOTES TO AND FORMING PART OF THE BUDGET

10 REVENUE RECOGNITION

SIGNIFICANT ACCOUNTING POLICIES

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows;

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns / Refunds / Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Revenue recognition
Grant contracts with customers	Waste education, research and events	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Grants, subsidies or contributions for the construction of non-financial assets	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Fees and Charges; waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single in point of time	Payment in advance at gate or on normal trading terms if credit provided	None	Adopted by Council annually	Based on timing of entry to facility	Not applicable	On entry to facility

19 SIGNIFICANT ACCOUNTING POLICIES - OTHER INFORMATION

GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a budget in conformity with Australian Accounting Standards required management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

ROUNDING OFF FIGURES

All figures shown in this budget are rounded to the nearest dollar.

COMPARATIVE FIGURES

Where required, comparative figures have been adjusted to conform to changes in presentation for the current budget year.

BUDGET COMPARATIVE FIGURES

Unless otherwise stated, the budget comparative figures shown in this budget document relate to the original budget estimate for the relevant item of disclosure.
